

Petition for Property Tax Relief

Property rights are a cornerstone of individual liberty and a fundamental natural right that Idaho citizens have a duty to protect and defend.

We, the undersigned citizens of Idaho, respectfully petition the Governor, Idaho Legislature, county governments, and other elected officials to take immediate action to restore fiscal responsibility, transparency, accountability, and meaningful property tax relief.

We respectfully request the adoption of the following policy objectives:

- 1. Complete Government Transparency**
Require publication of detailed line-item budgets for all state and local government entities and prohibit funds from being maintained outside publicly disclosed accounts.
- 2. Increase Homeowner's Exemption and Protect Vulnerable Populations**
Increase the Homeowner's Exemption and provide additional property tax protections for seniors, disabled residents, veterans, and other Idaho citizens facing hardship.
- 3. Establish an Idaho Department of Government Efficiency (DOGE)**
Create an Idaho Department of Government Efficiency (DOGE) to identify waste, fraud, abuse, duplication, and unconstitutional spending at all levels of government.
- 4. Prioritize Constitutional and Statutory Obligations**
Prioritize spending on core constitutional and statutory responsibilities while reducing unnecessary government expansion, with the goal of eliminating property taxes within three years through responsible fiscal reform, increased government efficiency, and the reduction of waste, fraud, and abuse.

Idaho taxpayers deserve transparent government, responsible spending, protection of private property rights, and meaningful property tax relief. We respectfully request that elected officials act promptly on these recommendations and report their progress to the public.
